# Twenty-Second Sunday in Ordinary Time

August 29 & 30, 2015

In today's second reading of James, we are challenged to be doers of God's word and not merely hearers. We have often heard, "What would Jesus do?" Jesus would act according to the demands of justice, compassion and love. As disciples of Jesus and followers of Jesus, we too are invited to be compassionate, just and to be doers of God's word with love.

# Church Renovations

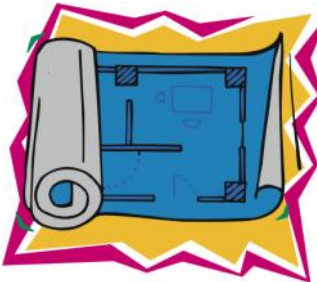

September 13th to December 2015

As you are probably aware, after the Sunday Mass on September 13th we will be closing the doors of the Blessed Sacrament for about 2 ½ months in order to complete several very important repairs, renovations and upgrades to our 110-year-old building. Blessed Sacrament is the 2<sup>nd</sup> oldest building in Regina and the oldest Catholic Church in Regina.

Some of the work has already begun with the installation of a new organ four years ago and a new boiler and heating plant last fall and will continue with repairs to the roof and bell tower, windows, the floor, including the addition of a new subfloor, improvements to the air flow and ventilation and removal of old building materials that have long passed their life expectancy.

But in addition to these structural repairs and upgrades we will be restoring and redecorating the church so that it looks fresh and new, while at the same time respects the historical look and tradition that has been in place for many decades.

These renovations will include a new floor throughout the nave of the church as well as new carpeting at the front on the altar and side altars. The beautiful stain glass windows for which our church is well known in the community will have new protective glass on the exterior that will put the stain glass on display to the public as well as protect it for many to years to come. A reconstruction at the back on the church on the south side will see a new washroom and children’s room, also known as crying room added to our building, that will retain the facades from the confessional to preserve the original appearance as much as possible.

Improved lighting and ceiling fans, are examples of modern improvements while the communion rail across the altar, although a little rickety in places will be restored and strengthened, again to maintain the decades old look and traditions of Blessed Sacrament.

Although we didn’t realize it at the time, we were very blessed to have Father Barry assigned to our Church because in addition to being caring pastor, Father is also a professional engineer with a masters degree who worked alongside some of the brightest minds in our province for several years. Consequently he has been able to identify the issues in the church that needed immediate attention and also those that needed upgrading to ensure that Blessed Sacrament is still serving the community another 50 years from now. Although the repairs and upgrades will be expensive, Father’s knowledge of electrical, mechanical and structural matters has likely saved us a lot of money while at the same time securing the best quality of material and workmanship available. Undoubtedly he will also be overseeing the work as it is being done so that we can be confident of a beautiful, restored but traditional church by this Christmas.

We ask that everyone please continue to support our parish with your attendance at St Mary in the interim and by returning to see the “new improved” Blessed Sacrament for the Dec. 5<sup>th</sup> weekend masses provided everything proceeds on schedule. And please bring a couple of friends with you when we reopen – we are sure that they will want to become members of the parish for many reasons including the restorations to our already beautiful church.

Thank you,  
Blessed Sacrament Finance Committee
